When posting restaurant inspections, we only list violations that are considered to be critical violations. There may be other violations identified during the inspection. Critical violations are weighted as 3, 4, or 5 points and must be corrected in a short period of time. Non-critical violations are weighted as 1 or 2 points and must be corrected by the next routine inspection.

When posting restaurant inspections, we only list violations that are considered to be critical violations. There may be other violations identified during the inspection. Critical violations are weighted as 3, 4, or 5 points and must be corrected in a short period of time. Non-critical violations are weighted as 1 or 2 points and must be corrected by the next routine inspection.

 Richmond, KY 40476-1208

When posting restaurant inspections, we only list violations that are considered to be critical violations. There may be other violations identified during the inspection. Critical violations are weighted as 3, 4, or 5 points and must be corrected in a short period of time. Non-critical violations are weighted as 1 or 2 points and must be corrected by the next routine inspection.

When posting restaurant inspections, we only list violations that are considered to be critical violations. There may be other violations identified during the inspection. Critical violations are weighted as 3, 4, or 5 points and must be corrected in a short period of time. Non-critical violations are weighted as 1 or 2 points and must be corrected by the next routine inspection.

When posting restaurant inspections, we only list violations that are considered to be critical violations. There may be other violations identified during the inspection. Critical violations are weighted as 3, 4, or 5 points and must be corrected in a short period of time. Non-critical violations are weighted as 1 or 2 points and must be corrected by the next routine inspection.

When posting restaurant inspections, we only list violations that are considered to be critical violations. There may be other violations identified during the inspection. Critical violations are weighted as 3, 4, or 5 points and must be corrected in a short period of time. Non-critical violations are weighted as 1 or 2 points and must be corrected by the next routine inspection.
